## DO HONOR TO STANLEY.

### THE GREAT EXPLORER GIVEN A BANQUET.

Greeted by His American Friends in London—Other Foreign News.

LONDON, May 31.—Banquets to Stanley are becoming a thing of the past. Stanley, the great explorer, has been the subject of many banquets in London. However, it was expected that of all the last one would be the most hearty, for it was the American Consul General, Mr. J. C. New, American Consul General, who had the honor of giving the banquet. It afforded a welcome opportunity for a reunion of friends from across the seas. Each and every State from New York to Texas, from California to Massachusetts, was represented either in the persons of constituted delegates or by the presence of friends who had come to the city. The banquet was held at the Waldorf-Astoria, and was a most successful one. The guests were seated at long tables, and the food was of the highest quality. The evening was spent in the most pleasant manner, and the guests departed with the warmest of wishes for Stanley's success.

After the usual formal toasts, "The President" was proposed by Sir Charles Tupper, High Commissioner of the Dominion of Canada, who paid an eloquent and hearty tribute to the "ruler over 60,000,000 of people." Stanley's progress not only in commerce but in the arts, science, and literature, of a nation which was the admiration of the whole civilized world, and not least of the country which lay to the north of it. The chief guest was proposed by the chairman, the Hon. John C. New, who referred to the day on which Columbus started from Spain to discover a land of the existence of which no one knew and none save he believed. Nearly 400 years rolled on; empires, kingdoms, and republics rose, flourished, or fell; art and science advanced; Europe and the United Kingdom founded and developed great colonies, builded cities, founded colleges and universities, explored the heavens, discovered new worlds, and mapped them out with the certainty of exact science. Yet it remained for a man going from the land of the Colonus to discover a land of the existence of which no one knew and none save he believed. Stanley's progress not only in commerce but in the arts, science, and literature, of a nation which was the admiration of the whole civilized world, and not least of the country which lay to the north of it. ### BISMARCK WANTS OFFICE.

He May Re-Enter the Reichstag—His Views on Russia and France.

PARIS, May 31.—The Petit Journal prints a conversation alleged to have been held recently with Prince Bismarck, in which the prince asserted he would again enter public life if a demand were made on him. The prince said Germany would never attack France, and that the real enemy of Europe is Russia, who only thanks friendship for France because it serves her purposes. Bismarck said it was possible he might re-enter the Reichstag, but only to maintain his own ideas and not to embarrass Chancellor von Caprivi. In the course of the conversation the prince spoke in high terms of President Carnot and M. Constans and Dr. Frey, and expressed his surprise that France did not fully appreciate their admirable qualities.

### MAI. PANITZA MUST DIE.

The Arch-Conspirator Against the Bulgarian Monarch Sentenced to Shot.

SOFIA, May 31.—The trial of Panitza and others, charged with conspiracy against the government of Bulgaria, has ended. Panitza was sentenced to be shot, the court adding, however, a recommendation for leniency. Kaplunoff, the Russian agent, was condemned to ninety years' imprisonment; Rizoff and Arandoff to six years each; Tatcheff, Tchandaroff, Moloff, and Pessloff to three years each; Stefanoff to five months. The others of the accused were acquitted.

### Mr. Blaine's Proposal to Portugal.

LONDON, May 31.—At Secretary Blaine's suggestion England and the United States have made a proposal to Portugal for the settlement of the Delagoa Bay railroad question by arbitration. The proposal is that Portugal appoint an arbitrator, that England and the United States jointly select another, and that Switzerland act as umpire.

### The Car Thinks France.

PARIS, May 31.—The car has instructed the Russian ambassador at Paris to convey to M. Constans the thanks of his imperial majesty for the arrest of the nihilists yesterday, for which have been frustrated the new attempts on the czar's life.

### FLOODS IN CALIFORNIA.

Thirteen Thousand Acres on Roberts Island Under Water.

STOCKTON, Cal., May 31.—The levees on the lower division of Roberts Island, in this county, gave way yesterday afternoon, flooding 13,000 acres of land in high state of cultivation. A Wednesday two small breaks occurred, which were speedily stopped. Yesterday morning a twenty-foot break, from four to five feet deep, was a more serious matter, but fifty men had this closed in good time in three hours. At noon, however, there was a break 300 feet. The head of the water is about nine feet wide, and the entire lower division will soon be under water. The rise for the last thirty hours before the final break was five and a half inches.

### The Upper Division of Roberts Island.

The upper division of Roberts Island contains 12,000 acres of splendid wheat and is now protected by cross levees from overflow from the lower division. The river levees are strong and high, and a large force of men are at work on them. This tract and 10,000 acres on Union Island are reclaimed farming lands. The lands of the lower division are owned by the Glasgow and California Land Company and are rented on shares to farmers and Chinese vegetable gardeners.

### Death of Senator Pierce's Father.

VALPARAISO, Ind., May 31.—Sylvester Pierce, of Tassington, aged 88, died here. He had resided in Portage county nearly half a century. His wife survived him. They were married over sixty years ago. He was the father of Senator Gil Pierce, of Dakota.

### Protect the System from Malaria.

It is possible to do this even in regions of country where malaria is most rife, and where the periodic fever which it causes assume their most formidable types. The immense popularity of Host's Stomach Bitters is very largely attributed to the fact of its efficacy as a remedy for chills and fever, bilious remittents, and as a preventive of the various forms of malarial disease. In those portions of the west and south where complaints of this nature prevail, and in the Tropics, it is particularly esteemed for the protective influence which it exerts; and it has been very widely adopted as a substitute for the dangerous and comparatively alkaloid, sulphate of quinine. Physicians have not been among the last to concede its merits, and the emphatic professional endorsements which it has received have added to the reputation it has obtained at home and abroad.

### Tourists.

Whether on pleasure bent or business should take on every trip a bottle of Syrup of Fig, as it is sold most pleasantly and effectively on the kidneys, liver and bowels, preventing fever, headach and all forms of sickness. For sale in 50c and \$1.00 bottles by all leading druggists.

## IN HONOR OF THE HEROIC DEAD.

### Different Cities of the Country.

CINCINNATI, May 31.—Decorations day was observed more generally, if anything, than in former years. The weather was everything that could be desired. Throughout the city, with only exceptions enough to prove the rule, the great houses of commerce and marts of trade closed their doors and devoted the day to honoring the memories of those who died in defense of the nation. In the morning the graves of the soldiers in Graceland, Oakwood, Rose Hill, Oaklands, and Walnut cemeteries were decorated by different divisions and posts of the Grand Army of the Republic. In addition to these decorations, the city was adorned with flags and bunting. The Rev. Dr. Rowlands, pastor of the LaSalle Avenue Baptist church, was the chief speaker at the ceremonies. He delivered a most inspiring address, reminding the citizens of the sacrifices made by the heroes of the past, and urging them to strive for the same noble ideals. The day was a most successful one, and the citizens were proud to honor the memory of their heroic dead.

### Other Cities.

NEW YORK, May 31.—The weather was threatening early in the morning, but cleared away later. The day was observed as a holiday. There was more than the usual ceremony, especially with regard to the military display. The parade was reviewed by Gen. R. A. Alger, commander-in-chief of the Grand Army of the Republic, with a reviewing party including Gen. J. C. Fremont, Frank Seidel and Gen. Howard. The graves of the soldiers in the various cemeteries were decorated. A prominent feature was the laying of the corner stone of the Washington memorial. The corner stone was laid with Masonic ceremonies by Grand Master John W. Vrooman. The Bible used was that on which Washington took the oath of office as the first President.

### At Viewpoints.

VICKSBURG, Miss., May 31.—The greatest interest centered here in the memorial services. They were under the auspices of the Blue and Gray and were deeply interesting. The memorial addresses were by Judge Frederick Speed, of the Blue, and Col. Magruder, of the Gray. The 16,000 graves were decorated with flags and flowers. Special respect was paid the grave of Lieut. W. H. Benner, who came here with the yellow fever times and who died caring for the sufferers. The graves of the Confederate dead were also decorated with flowers. The reunion has been a great success. Never was there a more fraternal spirit manifested anywhere than has prevailed here.

### WASHINGTON, May 31.—Decorations day was observed as a national holiday in this city and all the government departments, district offices and banks, and many business houses were closed.

### FLOODS BY A WATERSPOUT.

MILLS AND BRIDGES WASHED AWAY—A Child Drowned. WHITEHALL, Wis., May 31.—A terrible rain-storm, accompanied by intense electrical disturbance, raged last night in this locality. In American Creek valley, about two miles above the village of Arcadia, which is fifteen miles from Whitehall, a waterspout burst and flooded the village. T. H. Miller's flouring mill and dam were swept away entirely. Massure's mill dam in Arcadia was also swept out and a child was drowned. The water was six feet deep in the streets of Arcadia. The total damage there is estimated at \$50,000. The damage to the railroad track and bridges between Blair and Dodge is considerable.

### AND NOW A CRACKER TRUST.

The Leading Manufacturers of the Country in the Combine. MINNEAPOLIS, Minn., May 31.—The Journal prints the particulars of the formation of a big cracker trust with a capital of \$10,000,000, and including nearly every prominent cracker maker in the country. The negotiations have been conducted very quietly, and the facts have been so well concealed that few persons outside of those directly interested knew of it. There has been a pool in operation for some time, profits being divided on an agreed percentage, but this has proved unsatisfactory and the trust is the result. It is to conduct the entire business of the various concerns interested, stock to the amount of \$10,000,000 being issued in return for the transferring of the individual properties. A goodly share of this \$10,000,000 is water.

### CANADA AND THE TARIFF.

Hope the McKinley Bill Will Not Be Passed This Session. TORONTO, Ont., May 31.—The prospect, that, owing to the decision of the Senate committee to consider the McKinley measure will not be passed this session has given general satisfaction to barley dealers in Toronto. The farmers have a large crop in, and if the bill goes over till next season it will mean that this year's crop may be marketed without the large loss the advanced duty would entail. By the time the measure does become a law, the price to prevent the adulteration of beer will probably have passed, in which case the market for Canada barley will be assured.

## HONORING HIS MEMORY.

### DEDICATION OF THE GARFIELD MEMORIAL.

President Harrison, Members of the Cabinet and Many Other Distinguished Statesmen Participating.

CLEVELAND, Ohio, May 31.—The roar of cannon and the cheers of 50,000 people welcomed President Harrison and Vice-President Morton to Cleveland to participate in the unveiling of the monument to the memory of the late President Garfield. The monster demonstration at the union depot, however, crowned the triumphal entry into the city. The first to greet the President was ex-President Hayes. The President shook hands with him and several other gentlemen, and was then escorted to his carriage.

As the President stepped into his carriage there was a mighty roar. In advance of the carriage, doing escort duty, were the cavalrymen of the First Cleveland troop in their black and yellow uniforms. Behind them in the carriage were President Harrison, ex-President Hayes, the Hon. Amos Townsend, and Mr. D. P. Eells. In the second carriage were Vice-President Morton, ex-Gov. Foster, Mayor Gardner, and Gen. Barnett. Secretary Windom, Mr. Lee McBride, the Hon. R. C. Parsons, and L. E. Holden were seated in the third carriage, and in the fourth were Postmaster General Vannamaker, Marshall Ramsell and Mr. M. A. Hanna. Attorney General Miller, George H. Ely and S. T. Everett occupied the fifth carriage, and Secretary Rusk, the Hon. William McKinley, Jr., and the Hon. D. A. Angler the sixth.

At 11 o'clock the escort wheeled and led the distinguished visitors up to and along Euclid avenue past decorated blocks and residences until the home of Mr. Eells was reached. The party then proceeded to the residence of the Hon. Marshall Ramsell, the guests of Mr. Eells, alighted and the other carriages rolled away to the various houses where the occupants were to be entertained. The parade was reviewed by Gen. R. A. Alger, commander-in-chief of the Grand Army of the Republic, with a reviewing party including Gen. J. C. Fremont, Frank Seidel and Gen. Howard. The graves of the soldiers in the various cemeteries were decorated. A prominent feature was the laying of the corner stone of the Washington memorial. ## CONSUMPTION.

In its first stages, it is curable, whether it be acquired or inherited. Pe-r-u-na is the remedy that has demonstrated that fast over and over again. Pe-r-u-na will cure that cough that has been troubling you so long. Pe-r-u-na will cure your bronchitis, hoarseness or catarrh. It cures all coughs that have withstood all other treatment. Do you have pleuritic or neuralgic pains in the chest? Take Pe-r-u-na and you will be promptly relieved. All forms of chronic diseases of the throat, bronchial tubes and lungs that are liable to lead to consumption are cured by Pe-r-u-na. No one with weak lungs, chronic cough, shortness of breath, spitting blood, or night sweats, should neglect to get Pe-r-u-na at once and take as directed on the bottle until every vestige of the symptoms disappears. Pe-r-u-na is a reliable protection against the dread disease. A lecture on consumption by Dr. Hartman sent free to any address by The Petrus Medicine Company, Columbus, Ohio.

### Pear's soap secures a beautiful complexion.

It is expected that twenty-four launches propelled by electricity will be used on the Thames this season, in lighting the scene of an accident, and for other purposes.

### NOTES ABOUT ELECTRICITY.

Portable electric lamps with battery are now made in cases measuring 5 1/2 x 4 1/2 x 3 1/2 inches. They weigh five pounds and are expected to run ten hours at a cost of five cents.

The assertion is made that careful analyses of the working of electric roads goes to prove that when operated with skill and discretion they are fifty per cent. less expensive than horse railroads.

A locomotive surmounted by a dynamo has been suggested for a movable electric light plant, which would be of great use occasionally in connection with the production of electricity for the scene of an accident, and for other purposes.

Dr. W. Simon, of Baltimore, has dealt a severe blow at "personal magnetism," which he says his experiments have proved to be little more than personal fraud. His investigations were made with people who claimed to have the power of making various substances adhere to their hands by the force of their will. Dr. Simon found that this power could be exerted only on very smooth or highly polished substances, and he explained it on the principle of the adhesion of two bodies brought into such close contact as to exclude the air between them. The pressure of the atmosphere acting to maintain the bodies in contact. The chief requirement of the subject, therefore, seems to be a very smooth skin.

### M. Jablonsky, the electrical engineer,

has made a strong argument in favor of going back to chemical reactions for the production of electricity as a motive power. With dynamo machines the utilization of the theoretical efficiency of the fuel does not exceed ten per cent. the other ninety per cent being wasted in the process, which, as much as ninety, or even one hundred per cent electrical calories can be obtained under favorable conditions in electro-chemical combinations. He thinks the cost of production could be made about the same, and there would be a large saving in the expenditure for engines, dynamos, shafting and belting. When electricity is used as a motive power, he says, there is scarcely any advantage in substituting the power derived from dynamos for that obtained directly from the steam-engine. Science for the same does not apply, he argues, in the case of the current produced by chemical means.

### What is Scrofula?

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings, which are painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or many other manifestations usually ascribed to "humors." It is a more formidable enemy than consumption or cancer alone, for scrofula combines the worst possible features of both. Being the most ancient, it is the most general of all diseases or afflictions. For very few persons are entirely free from it. How can it be cured? By taking Hood's Sarsaparilla, which, by the cures it has accomplished, often when other remedies have failed, has proven itself to be a potent and powerful medicine for this disease. For all affections of the blood Hood's Sarsaparilla is unequalled, and some of the cures it has effected are really wonderful. If you suffer from scrofula in any of its various forms, be sure to give Hood's Sarsaparilla a trial.

## BRIEFINGS.

Evening Star Club dates to-night.

The common council will hold a regular meeting on Monday evening.

Now then, all join in the organization of a syndicate to celebrate the Fourth of July in a becoming manner.

The regular monthly meeting of the Board of Education will be held on Monday evening, in the city clerk's office.

The druggists of the city have signed an agreement to keep closed several hours on Sunday. Read notice in another column.

Pile-driving in the race is completed, and the bridge will soon be finished.

The piles for the bridge across the river are also nearly all driven.

The funeral of the late Adam Shoemaker will be held from his late residence in the town of Janesville at 2 o'clock Sunday afternoon.

The st-smaster Mayhew will leave her dock to-morrow afternoon at two o'clock for an excursion up the river.

ROBERT GRIFITHS, Capt.

The cut rates on the Chicago, Milwaukee & St. Paul railroad will only last until June ninth, after which the old tariff will be in force. Travelers will bear this in mind.

Rev. M. Evans, pastor of the M. E. church, will attend the funeral of the late Mr. Adam Shoemaker to-morrow afternoon at 2 o'clock, at the home in the town of Janesville.

The Light Infantry made a very creditable appearance in the parade, yesterday.

The company is in a flourishing condition and several new members will be admitted Monday night.

Young Men's Christian League will meet in their rooms over the Chicago store, at 3 p. m. on Sunday afternoon.

Subject: "Christian Duty," by O. Smith. All young men are invited.

There was to have been a reception tendered the members of the Home Club at All Souls church parlors last evening by the Fortnightly Club, but it was postponed until next Friday evening.

The flag placed on the High school building by the Patriotic Order Sons of America yesterday afternoon is the first U. S. flag to float over a high school building in the state of Wisconsin.

The starry banner appears appropriate floating above our public school buildings, and the members of the Patriotic Order, Sons of America, are entitled to public thanks for presenting the flag to the school.

Lewis B. Ind, organizer Patriotic Order Sons of America, will spend the summer in and about Janesville organizing camps of the order. Mr. Ind has spent the past six months in Minneapolis, and organized a camp in Minneapolis a short time ago.

Hon. I. O. Sloan was thrown from his buggy while driving on South Main street last evening, and received a thorough shaking up. He was not seriously injured with the exception of a cut on the forehead. The horse ran but was caught before any damage was done.

The Calceonian Society will hold their quarterly meeting at their rooms Thursday, June 5th, at 2 p. m. A full attendance is desired, as important business will come before the meeting. A social and literary entertainment followed by a dance will be held in the evening.

The pile driver now at work on the side-track bridge is in deep water and strong current. As they near the east bank of the river many cords of large stone will be encountered, which at one time formed a portion of the dam, or the abutments of a chute. But the pile driver gets the piles there just the same.

Capt. Alex. Buchholz will formally open his grounds at Crystal Springs Park, June 5th, at 10 o'clock, and every hour in the afternoon commencing at one o'clock. The Power City Band will furnish music for a concert in the afternoon.

It is worth remembering that no news papers are ever printed especially for one person. People who become greatly displeased with something they find in a newspaper should remember that is exactly the thing that will most please some body that has just as much interest in the paper as they have. It takes all kinds of people to make a world, we are told, and the patrons of a newspaper are made up of the elements of the world. A man may have a dislike for tobacco, but he is not foolish enough to complain of his groceryman because he keeps it for sale.

PERSONAL.

Mr. N. H. Clark is transacting business in Broadhead to-day.

O. H. Mead, of Rockford, is in the city, to spend Sunday with his parents.

Miss Sutherland has been entertaining her friend, Mr. Franklin, of New York city.

Miss Cecil Nelson, of Pontwater, Michigan, is in the city the guest of her uncle, Mr. C. W. Blakely.

Mr. J. E. Gleason, vice president of the Janesville Driving Park Association, left for Elgin this morning to attend the races at that city.

Mr. H. D. McKinney, secretary of the Janesville Driving Park Association, is attending the spring meeting of the Terro Haute, Ind. Driving Park Association.

Miss Weaver and Miss Kammer, of the Rockford seminary, are in the city the guests of Miss Cora Sutherland, 10 East street, north.

Miss Hattie Smith, Miss Maud Fuller, Mr. Glen Wray, Mr. E. R. Stevens and Mr. F. H. Jackson, students at the University of Wisconsin, are home on a brief vacation.

Messrs. Edward Lash and Lou Barker, surveyors for the U. S. & St. P. Ry. Co., returned to Milwaukee this afternoon to spend Sunday. They will return Monday morning.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 62 degrees above zero. Cloudy with north wind. At one o'clock p. m. the register was 70 degrees above zero. Cloudy with north wind. For the corresponding hours one year ago the register was 37 and 41 degrees above zero.

In the spring time the young man's fancy turns to the prospect of a new suit or spring overcoat which Ziegler alone keeps.

CIRCUIT COURT.

Charles Davis Granted a Divorce This Morning by Judge Bennett.

In circuit court this morning the divorce of Charles Davis against Rosa Davis came up for hearing.

It appeared from the testimony that the defendant without good cause deserted the plaintiff about one year ago and has remained away ever since, and that she also deserted her infant, a little boy two weeks old.

The plaintiff is a young man of good habits, industrious and upright. Judgment of divorce was granted the plaintiff.

Numbers 14, 16, 18, 20, 24, 27 and 29 were placed on the day calendar for next Monday.

The State Baking Powder Tests.
